MEMORANDUM FOR: Assistant for Technical Development, NPIC

SUBJECT : [REDACTED] Task Order 17 with [REDACTED] - 25X1A
Information Flow Analysis - Potential
Overrun

REFERENCE : [REDACTED] letter dated 12 May 1967 from [REDACTED] 25X1A
[REDACTED]

1. The reference memorandum addressed to the contracting officer and forwarded to NPIC advises of a possible overrun situation on the subject contract.

2. [REDACTED] O/Log has informed the writer that no action is necessary on the part of NPIC at this time. O/Log/CAS will send a routine letter to [REDACTED] acknowledging the reference memo and also reminding [REDACTED] that no costs beyond those stated in the contract may be incurred without the specific approval of the contracting officer.

3. [REDACTED] will undoubtedly formally request the additional funding even though the reference memo refers to a "potential" or "possible" over-expenditure. This request will probably be levied at the 75% point in the contract (approximately the end of August).
